EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brick G. Power on September 18, 2003.

The application has been amended as follows:

In claim 1 line 7 after "configured to" --continuously-- has been added.

In claim 14 line 8 before "alter" --continuously-- has been added.

2. The following is an examiner's statement of reasons for allowance: the apparatus as claimed in claims 1 and 14, specifically, the temperature regulator and variable substrate temperature generation system that continuously vary or alter the thermal output of the system and the temperature of at least a portion of the substrate was not found in or suggested by the art. The cited art teaches steady state controllers which strive to reach a constant uniform temperature. When they do reach the desired temperature they do not vary the thermal input, but instead keep the thermal input constant to maintain the desired temperature. The present invention does not seek a steady state temperature but continuously varies or alters the thermal output to continuously change the temperature of the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 1763

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrie R. Lund whose telephone number is (703) 308-1796. The examiner can normally be reached on Monday-Thursday (6:30 am-6:00pm).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gregory Mills can be reached on (703) 308-1633. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0661.
